BEFORE NOTARY**

I, Moses Boone, sole owner of the trademark ".eco" am a resident of New Haven CT, County of New Haven, State of Connecticut do hereby affirm and declare that I am competent to give the following declaration based upon my personal knowledge and experience; unless otherwise stated, and that the following facts and statements are true and correct to the best of my knowledge.

I filed the trademark application in April 2008. My former business partner Trevin Griffin was to file for a corporation in the name of Colored Planet Connexion. He did not file the paperwork as we had agreed. I did not become aware of this until I began pressuring him in November of 2009.

I ceased my business relationship with Trevin Griffin in December 2009. I have not communicated with him verbal nor electronically in any manner since then.

The .eco Website Consulting is focused towards a local audience here in New Haven County, CT. I have taken signed and notarized affidavits of organizations who have received my assistance or I have created websites and found hosting facilities for their internet presence.

Witness my signature this day 4<sup>th</sup> of January 2011

Infringing URL(s): <http://repoweramerica.org/blog/vote-for-the-official-repower-america-t-shirt/>

Explanation:

I own the trademark "eco" and the site used a collective of symbols and precisely in the middle there is "eco". I received an email from a friend as well as a copy of the T-shirt and once I found it I thought it best to have it removed before they decided to go and start thousands... That would not be nice.

Al Gore partners with M+M client .ECO

Mar 4th, 2009

I'm pleased to report that Minds + Machines client Dot Eco has announced a partnership with former Vice President Al Gore and the Alliance for Climate Protection.

This is obviously very good for the .eco initiative and for Minds + Machines. Hopefully it will help ICANN as well by encouraging some of the many TLD initiatives we're aware of to announce themselves and build the momentum for new top-level domains.

Congratulations Dot Eco!
